Early Literacy Assessment Checklist

Evaluator: Date: Tool Name:			
		1. Coi	mprehensive Insights and Recommendations
			Does it assess all five pillars of reading (phonemic awareness, phonics, fluency, vocabulary, comprehension)?
	Does the tool identify performance levels in relation to grade-level expectations? Does it pinpoint specific areas for improvement?		
	Does it provide detailed insights into individual strengths and weaknesses? Are instructional recommendations aligned with standards provided? Other		
2. Acc	curate, Reliable, Immediate Results		
_ _	Is the tool validated and reliable according to independent research? Are immediate insights provided to guide targeted support for students? Does it leverage technology (AI-powered or online) for real-time data? Can it adapt to individual learning needs? Other		
3. Use	er-Friendly Implementation		
	Is the tool time efficient and easy to administer? Does it minimize time spent on logistics to maximize instructional time? Are there features that allow for student-led administration? Is it adaptive? Is there adequate training and support available for teachers? Other		
4. Cul	tural and Linguistic Responsiveness		
_ 	Does the tool reflect students' cultural backgrounds and experiences? Is the tool available in multiple languages for diverse linguistic needs? Are the questions free from cultural or linguistic bias? Does the tool highlight students' strengths and assets, rather than needs alone?		

	Does it accurately assess multilingual learners without confusing language
	acquisition with literacy deficits?
	Other
5. Reg	gular Monitoring and Progress Tracking
	Can the assessment be administered multiple times per year?
	Does it enable teachers to monitor progress and track growth over time?
	Do the results and reports make it easy to adjust instructional strategies?
	Does it contribute to a culture of continuous improvement within the school?
	Is there a system for documenting and analyzing progress over time? Other
Addi	tional Considerations
	How does the cost of the tool compare to the value it provides in addressing multiple areas of literacy and saving instructional time?
	How much customer support or professional development is available for staff?
	Are there testimonials or reviews from other educators or schools?
	How well does the tool integrate with existing systems or platforms used by the school?
